MOUNTAIN BIKE DAY TOURS

 **Coming Spring 2024**

“MOUNTAIN BIKING CAPITAL OF THE WORLD”

Nestled in the emerald foothills of the Ozarks, this once sleepy farming community rose to prominence as the birthplace of Walmart. In recent years, Bentonville has witnessed another remarkable transformation— emerging as a premier destination for cultural experiences and multiple outdoor activities (especially mountain biking)!

Our tour will put you right in the thick of the action, where hardwood backcountry hugs historic city squares.
